

The product you've been waiting for...

Introducing Spurr's Big Fix your one bottle solution to treat, condition and heal a wide variety of equine ailments. This single, formidable product is, not only an affordable and effective spray-on hoof and wound treatment, it eliminates the need to purchase multiple products to treat your horse! Save money and room in your tackroom or trailer!

While Spurr's Big Fix an excellent hoof antiseptic and general purpose conditioner, it is also highly effective in treating wounds along with a variety of equine skin conditions, including fungus and Rain Rot.

Tyler Magnus recommends Spurr's Big

That everyone's been raving about!

Spurr's Big Fix has been tested and proven effective by leading horsemen and women, veterinarians and farriers! It is non-staining and gives off a pleasant aroma. The non-clogging formula is easily sprayed on the animal then is quickly absorbed.

"Spurr's Big Fix is the easiest, cheapest & the most effective hoof & wound antiseptic I have ever used. It's made, tested & proven in the USA."
